

Is Your Job on the Green List?

Use this Quick Checklist

A quick guide to checking if your job qualifies for a fast-track visa or residency.

☐ Is your occupation listed on the Green List?

→ Use the [Immigration NZ](#) Green List tool to search for your role by title

☐ Do you meet the required qualifications or registration?

→ Some jobs require NZ-specific registration (e.g., teachers, nurses, engineers)

☐ Do you have a job offer from an accredited NZ employer?

→ Accreditation is mandatory for most employer-assisted visas

☐ Are you applying under the 'Straight to Residence' or 'Work to Residence' pathway?

→ Check which applies to your job — the difference is timing

☐ Are you ready to provide evidence of your health and character?

→ These are standard for all residency applications

☐ Have you confirmed all details with a licensed immigration adviser?

→ When licensed, we'll be ready to help — in the meantime, check the IAA register.

*This checklist is for general guidance only. It is not immigration advice.
Once our license is approved, we'll be able to assist.*
